YAHIA FARAG

Data Analyst
Menoufia, Egypt | +201014501703 | yahiafarag357@gmail.com | LinkedIn | GitHub

PROFESSIONAL SUMMARY

Data Analyst and Commerce student with hands-on experience in SQL, Python, ETL, and Power BI (DAX). Proven track record of building interactive data visualizations, transforming raw datasets into actionable business insights, and optimizing performance metrics.

CORE SKILLS

- **Technical Tools:** SQL, Excel (Advanced, Power Query), Power BI (DAX, Data Modeling), Python, GitHub.
- **Analytical & Business Skills:** Data Cleaning, EDA, KPI Tracking, P&L Analysis, Root Cause Analysis.
- **Soft Skills:** Problem Solving, Critical Thinking, Effective Communication.

EXPERIENCE

Data Analytics Intern | NGI | Oct 2026 – Present

- Developed an interactive, two-page enterprise retail Power BI dashboard analyzing 1,500+ financial and sales performance records.
- Documented data workflows and optimized SQL query performance to improve Power BI refresh rates.
- Engineered 12 advanced DAX measures (e.g., YoY growth, profit margins) using structured SQL pipelines to accelerate data-driven business decisions and ensure robust GitHub version control.

PROJECTS

Global Layoffs Market Intelligence Dashboard | Independent Project | Oct 2026

Tools: SQL Server, Power Query, Power BI, DAX

- Conducted rigorous data auditing, missing value imputation, and SQL cleaning on a global corporate layoffs dataset of 3,042 records spanning 2020-2024.
- Engineered an executive-level Power BI dashboard with 5 advanced DAX measures, uncovering key macroeconomic insights (e.g., Amazon at 27.8K layoffs, Retail at 70.2K) to drive data-backed strategic decisions.

HR Attrition & Workforce Analytics Dashboard | Independent Project | Sep 2026

Tools: SQL Server, Power BI, DAX

- Cleaned and queried 1,470 employee records using advanced SQL (CTEs, subqueries) to investigate employee turnover drivers and OverTime impact
- Developed an interactive Power BI dashboard featuring 5 core executive KPIs and dynamic tooltips to uncover attrition root causes and optimize employee retention strategies.

EDUCATION

Bachelor of Commerce, Menoufia University | Expected Graduation: 2028
Grade: Very Good (GPA: 3.25 / 4.0)

CERTIFICATIONS & TRAINING

- Ask Questions to Make Data-Driven Decisions – **Google (Coursera)** Nov 2026
- Preparing and Visualizing Data using Microsoft Power BI **– Microsoft Learn** Aug 2026
- Data Analysis Essentials **– Cisco Networking Academy** Aug 2026
- Associate Data Analyst Career Track **– DataCamp** Jul 2026

LANGUAGES

- **Arabic:** Native
- **English:** Intermediate
